Professional Community Association Management

Maxet is much more than a typical CAM or Association Management Company. We know how much your property means to you and you can trust us to always strive for improvement in your investment. We take the many wonderful features of your property and work to refine them while providing a superior service to your owners, guests and tenants. We will minimize the stress of being on the Board of Directors by handling the day-to-day operations of the facility. This will allow the Board to focus on more important issues facing the Association.

Maxet is the partnership of industry professionals established on providing Association Management to the Panhandle of Florida, as well as offer the best condominium and HOA management technology and solutions. The entire management team is passionate about what we do and strive to be the best management company in the region.
